

# Interviewfragebogen

## Fragen zur Person

- Studium, Promotion
- Berufserfahrung, Aktuelle Position
- Spezialgebiet: Inhalte, Methoden, Theorien

## Einstiegsfragen zur Suche im Allgemeinen

- Beschreibe den Prozess der eigenen Literaturrecherche
  - Ablauf Welche Quellen werden genutzt? (Suchmaschinen, Datenbanken, Kollegen, Publikationen, Veranstaltungen, Dienstleister, Social Media)
  - Welche Werkzeuge werden genutzt?

## Fragen zur Softwarenutzung

- Welche Software nutzen Sie im wissenschaftlichen Alltag?
  - Seit wann?
  - Motivation - Wofür?
  - Erfahrung?
- Welche Software wurde zuletzt in den eigenen Forschungsprozess integriert?
  - Wann?
  - Motivation - Wofür?
  - Was war der Impuls dafür?
  - Erfahrung mittlerweile?
  - Was hat sich dadurch geändert?
  - Zufriedenheit?

## Fragen zur Suche nach Software

- Beschreibe den Prozess der Suche nach Softwarewerkzeugen
  - Quellen
    - \* Freunde
    - \* Kollegen
      - Innerhalb d Institution: Arbeitsgruppe/Professur/Fakultät
      - Außerhalb d Institution: national vs. international, fachlich vs. fachfremd
    - \* Spezialkataloge
    - \* Suchmaschinen
    - \* Dienstleister: Bibliothek, Fachinformationsdienste
    - \* Fachspezifische Webseiten
    - \* Twitter, Blogs
    - \* Softwarerepositorien
  - Werkzeuge

- \* Spezialkataloge, Softwarerepos, Social Media, Suchmaschinen,  
...

## Hürden

- Unterschiede u Gemeinsamkeiten mit Literaturrecherche

Benardou et al. 2013: Viewpoints (SRAM entities)

## Viewpoint-driven questions.

### Research Activity

- How do researchers seek, find and organize unpublished materials?
- How does this activity differ in various stages of their research?
- What is the relative importance of textual, vs. non-textual resources, and what the effect of genre and format on their use?
- How do researchers use scholarly literature for a research project?
- How do researchers deal with resources in languages they do not know?
- How do researchers organize the information? Do they keep databases?
- How do researchers keep notes? How do they organize them?
- Do researchers collaborate with their colleagues? At what stage in their research? Do they co-author?

### Research Goal

- What is the research goal, and topic of research?
- What are particular research questions?
- How does it relate to the Holocaust? Which theories, ideas or concepts are involved?

### Place

- Where do researchers prefer to work?
- How is working in an archive different to working in a library, their office or home?

### Resource Type and Format

- Which published and/or unpublished resources do researchers use?
- What types, genres and formats of resources?
- What kinds of information system(s) do researchers use?

### Tool/ServiceProcedure

- and
- What online tools do researchers use and for what purpose?
  - Which ones are more useful? Which ones are not?
  - At which stages of their research do they use particular tools?
